

Welcome

NEW CAREER

At Cosmetic Tattoo Academy Australia Ella trains people from varying professional and non professional back grounds such as **beauty therapists, doctors, nurses, make up artists, laser and nail technicians or anyone** wishing to embrace this new and rewarding beauty practice.

If you are already involved in the beauty industry, cosmetic tattoo training can be an added dimension to the service services you are currently providing thus bringing about enhanced customer satisfaction and new rewards.

Ella is a master member of the Association of Professional Aestheticians of Australia and is certified by the APAA in Advanced Aesthetic Practices. Ella is also Industry Accredited and a National Certified Trainer and Assessor as well as a Certified make up artist.

It is Ella's Mission to pass her Extensive Knowledge on to her students.

Ella's ethnic background originates from South America, she was born in the Netherlands, and after living in New Zealand moved to the Gold Coast in 2002.

Ella's working career for the past 30 years has extended from careers in Sales and Marketing to Cosmetic Tattooing.

It is in Ella's nature to always strive to be the best at whatever she does. From a make up artist point of view, she finds that it's the ability to enhance the visual appearance of a person that sets one technician apart from another.

She has trained with leading cosmetic tattoo trainers from New Zealand, Australia and the United States. Her findings were that the basics are the same, but they all had something unique to contribute.

Wanting to give her students the best of all training, Ella designed programs to include not only the best of these techniques, but also her own techniques she has developed over the years, for her students benefit.

Ella is looking forward to working with you and making you the best Cosmetic Tattoo technician you can be.

FLEXIBLE TRAINING DATES

Cosmetic Tattoo Academy Australia has developed **Fundamental and Advanced courses** with the **busy person** in mind. Training dates are flexible allowing the student to follow the courses during weekends, school holidays or simply by arrangement.

Ella Boffa is your trainer and assessor and will assess **competency** on completion of your assessments. She is a committed trainer and it is her mission to pass her extensive knowledge on to you, in order to **make you the best cosmetic tattooist you can be**. Ella welcomes questions and will endeavour to help wherever she can.

CERTIFICATE OF COMPLETION

All students deemed competent will receive a Cosmetic-Tattoo Academy Australia **“Certificate of Completion”**

Once obtained your **“Certificate of Completion”** you can start your new business or add the cosmetic tattoo service to your repertoire. Check out compliance for your business with your Local Council and Health Authorities as regulations may differ from State to State. Indemnity cover for you business is advisable.

TRAINING AT THE ACADEMY

We provide a friendly and relaxed environment, where questions are welcome. You will practice tattoo techniques firstly on **practice skin** until competent and then progress onto real models. The Fundamental Course runs from 9-5 over a 4-day period. Advanced and refresher courses run from 9-5, or as stated.

WHAT DO I BRING?

1. The Theory Manual (Fundamental course only)
2. Learning Activity (Fundamental course only)
Theory notes for all other courses will be handed out at the beginning of the course day.
3. Paper or exercise book to make notes
4. Pen
5. Camera (if you would like to take home photos of your work. The Cosmetic Tattoo Academy does not supply photos)
6. Wear smart but comfortable clothes or uniform and shoes with closed in toes.
7. A memory stick to download forms and theory notes for all other courses, etc.
